FIG. 30

FIG. 30 is a perspective view of a circular frame assembly. The assembly includes a circular frame (46) with a central opening. A small, rectangular component (32) is positioned within the opening. The frame is secured by a ring (91) which has a locking mechanism (58) at the top and bottom. The ring (91) also features a series of vertical ridges (94) around its circumference.

FIG. 31 is a perspective view of a circular, multi-layered structure, possibly a lens or a container. The structure has a central square opening. Various components are labeled: 101 (top edge), 46 (top edge), 94 (top edge), 91 (top edge), 58 (bottom edge), 32 (bottom edge), 96 (bottom edge), and 91 (bottom edge). The word "OPTIC" is visible on the inner surface.
